AYRIA is truly unstoppable! Although she has been intensively and successfully touring across the globe over the past 2 years non-stop, she has now confirmed to be almost done with the writing process of her long-awaited new album, "Hearts For Bullets" that is currently being produced in Canada by none other than Sebastian R. Komor (ICON OF COIL, ZOMBIE GIRL, BRUDERSCHAFT, etc.). In anticipation to the release of her 3rd full length album in Spring 2008, Canadian artist Jennifer Parkin returns with guns blazing and ready to unleash a 10-track EP! A special release offered to the crowds of fans who have been literally begging her for new material. Often referred to as the Queen of electro-industrial music, or yet the female icon of Canadian electro, AYRIA is in very good company on this new EPCD. Besides two brand new studio versions of her two unavoidable club hits "The Gun Song" and "Six Seconds", we also find behind the remixing commands, renown talents in the likes of Daniel B. of FRONT 242, Claus Larsen of LEATHER STRIP, DAVID CARRETTA and STANDEG (ex-HAUJOB). Add to this a solid army of ambassadors of the emerging new electronic / industrial generation lead by SPETSNAZ, ANGELSPIT, ESSENCE OF MIND and HEADSCAN and you get your guarantee for intensity, power and diversity. Extravagant, provocative, bitchy and edgy, AYRIA hits straight and hard with her sonic approach hanging between minimal electro and forceful EBM. She finds her target somewhere between NITZER EBB, M.I.A., MISS KITTIN and GOLDFRAPP.

AYRIA ist nicht aufzuhalten! Obwohl sie erfolgreich 2 Jahre lang non-stop weltweit auf Tour war, kündigt sie nun das lang erwartete neue Album "Hearts For Bullets" an, das im Moment in Kanada von Sebastian R. Komor (ICON OF COIL, ZOMBIE GIRL, BRUDERSCHAFT, etc.) produziert wird. Als Vorbote zum 3. Album, das im Frühjahr 2008 kommt, veröffentlicht Jennifer Parkin nun eine 10-Track EP. Ein Dankeschön an alle Fans, die sehnsüchtig auf neues Material warten. Oft als die Königin des Electro-Industrials bezeichnet oder als weibliche Ikone des kanadischen Elektros, ist AYRIA auf der EP in bester Gesellschaft. Neben 2 brandneuen Studioversionen der beiden unvermeidbaren Clubhits "The Gun Song" und "Six Seconds" gibt es Remixe von bekannten Künstlern wie Daniel B. von FRONT 242, Claus Larsen von LEATHER STRIP, DAVID CARRETTA und STANDEG (ex-HAUJOB). Dazu geben sich die Botschafter der aufstrebenden Elektro/Industrial Generation angeführt von SPETSNAZ, ANGELSPIT, ESSENCE OF MIND und HEADSCAN die Ehre. Intensiv, abwechslungsreich und kraftvoll, garantiert! AYRIA trifft mit dem Mix aus Minimalelectro und wuchtigem EBM mal wieder den Nagel auf den Kopf! Sie findet ihr Ziel irgendwo zwischen NITZER EBB, M.I.A., MISS KITTIN und GOLDFRAPP.
